Friday, 26 January 2007

GFI is a leading software developer that provides a single source for network administrators to address their network security, content security and messaging needs. With award-winning technology, an aggressive pricing strategy and a strong focus on small-to-medium sized businesses, GFI is able to satisfy the need for business continuity and productivity encountered by organizations on a global scale. Founded in 1992, GFI has offices in Malta, London, Raleigh, Hong Kong, Adelaide, Hamburg and Cyprus which support more than 160,000 installations worldwide. GFI is a channel-focused company with over 10,000 partners throughout the world. GFI is also a Microsoft Gold Certified Partner.

Products Include;

**Messaging Email archiving of internal and external email**  
GFI MailArchiver for Exchange provides easy-to-use corporate email archiving, enabling you to archive all internal and external email into one or multiple databases, heavily reducing reliance on PST files. This allows you to provide users with easy, centralized access to past emails via a web-based search interface and the ability to quickly restore emails through a OneClick Restore process. GFI MailArchiver also aids you to meet the requirements of your email retention policy and helps you to fulfill regulatory email storage requirements such as the Sarbanes-Oxley Act. GFI MailArchiver for Exchange leverages the journaling feature of Exchange Server 2000/2003 and therefore provides unparalleled scalability and reliability at a competitive cost.

**Network fax server for Exchange/SMTP**  
GFI FAXmaker for Exchange/SMTP is the leading network fax server. It integrates with Exchange Server, Lotus Notes and popular SMTP servers, allowing users to send and receive faxes and SMS/text messages directly from their email client. By leveraging your email infrastructure and Active Directory, GFI FAXmaker achieves unparalleled scalability, reliability and hassle-free administration. GFI FAXmaker has won the Windows IT Pro Magazine (formerly Windows & .NET) Readers' Choice Award for 3 years running.
